Getting Involved and Giving Back

COMMONLY ASKED QUESTIONS ABOUT LRS SYSTEMS PARTNERSHIPS

HOW DOES LRS HELP MY COURT GENERATE REVENUE

This is an easy one. The online forum let's us offer more classes to more people and share the revenue this generates with the courts.

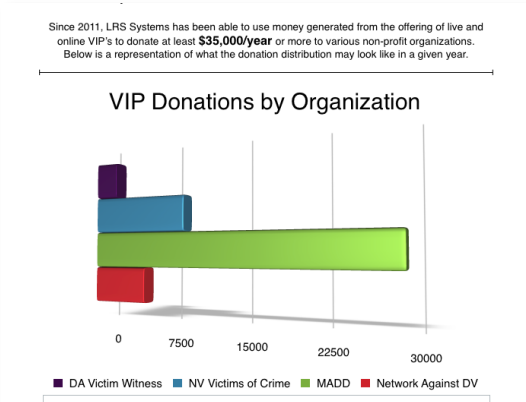

CAN YOU INTERFACE WITH OUR CURRENT CMS?

We already have working interfaces with multiple national and custom designed court management systems (CMS). So yes we can interface with your current CMS.

WHAT CLASSES ARE AVAILABLE FOR OUR COURT TO USE?

We have a wide range of classes available, and if we don't have the specific class you need for your court clients we can develop it for you.

Involvement in the local communities where we do business is an important part of our company mission. We believe in the power of education and the effectiveness of the courses we offer but recognize the need for additional

resources in the community. The LRS giving pledge helps us live up to this mission and work as a community partner.

(1) Up to **80% of the money collected** from specific classes go to **supporting non-profits, education and victims** in the local

community the money was raised in.

(2) The **LRS Matching Pledge** lets us work with our court partners to generate even more money for community services in that court's specific jurisdiction.

Creating Accountability & Compliance

Teaching skills is at the forefront of all of our classes. We want our clients not just to learn, but to **develop actual skills** they can use to **improve their behaviors and lives**. As clients learn to be more accountable they begin becoming more compliant at the same time.

- The VeriLive System provides security that allows for true accountability.
- The LRS analytics package lets you better measure compliance.

When clients learn new skills, act responsibly, and cases get closed; EVERYBODY WINS. Nobody does more to make this happen than LRS Systems.
